

2015 Brain Function and Healthy & International Neural Regeneration Symposium

Sept 23-24th ,
Guangzhou | China

From left, Dr. Weiming Duan | Capital Medical University, Dr. Kwok-fai So | Jinan University, Dr. Xiao-ming Xu | Indiana University, Sir John Gurdon | Nobel Prize in Physiology or Medicine (2012), Lisha Wang | President of NRR, Dr. George Smith | Temple University

Sept 23-24th ,
Guangzhou | China

Sept 23-24th , Guangzhou |
China

*A long term aim of nuclear
reprogramming is useful to
understand neural
regeneration — possibly the
most important aim of
nuclear reprogramming.*

*John Gurdon.
23 Sept 2015.*
